

To start, we have instructed school boards that, by Monday, April 6, teacher-led learning will resume across the province. Students will begin receiving communication from their teachers and school board staff this week to determine the best way your child can continue learning during this period. For our youngest learners, especially, I am asking you to lend a helping-hand in facilitating these initial conversations with educators when they begin reaching out. This early communication will help ensure all students can participate actively and fully in the rich online learning strategy. We have designed the strategy based on the technology and resources that currently exist at home.

I also know many families in the province may not have access to the technology and broadband connection needed to participate fully in online learning. To remedy this situation/F1 12 Tf1 0 0 1 293.54 re0 6n3-3(h)T12 Tf1 03e)3.TET4thome

We have numerous organizations providing critical and professional support for children facing mental health concerns or distress. For example, [Kids Help Phone](#) offers 24/7 counseling p612 C q89.4 1gfiC Gfe612 rr0(h)6-36(f)v(p)ceK)2(2(crosK)2665)3(v)3(d)3(8p)3nce-3g6(JTETQ
