

The protocol will outline the following:

- programs and services that are currently delivered by external agencies
- programs and services that are currently delivered by school board professional student services personnel (PSSP) and paraprofessionals
- programs and services that could be delivered by school board PSSP and paraprofessionals, but are not being delivered by them for financial reasons or because requirements do not match the job descriptions or qualifications of board PSSP and/or paraprofessionals

A distinction must be made in the protocol between long-term and short-term (time-limited) partnerships to ensure that long-term duplication of services already provided by school board PSSP and paraprofessionals does not occur.

The protocol must be aligned with the collective agreements of unionized school board staff and

- psychological associates, as defined by the Psychology Act, 1991
- social workers, as defined by the Social Work and Social Service Work Act, 1998
- other regulated professionals and/or paraprofessionals who are deemed by the school board to be essential for the delivery of programs and services for students with special needs

Any future regulated categories will also be covered by the protocol.

Additional Requirements for the Board Protocol

In order to assist school boards and external agencies in the development, review, and maintenance of local protocols, a memorandum from the Deputy Minister of Education accompanies this policy/program memorandum and outlines the elements that each protocol must contain. Any changes to the elements required in the local protocols will be communicated in the future to boards through a similar memorandum.

Implementation and Reporting

School boards will implement their newly developed or reviewed protocol and post it on their website by January 1, 2010. Reviews of and revisions to established protocols will be completed and posted on school board websites by January 1 of each subsequent year.
